Your Child's Cosmic Blueprint

This is a sample insight that would appear in a live report. Your test integration is working correctly.

Child's Nature & Personality

This is a test report generated using your test API key. In a live report, this section would contain a detailed, personalised astrological analysis based on the birth chart data provided. The content is generated by our AI engine and typically runs 200-500 words per section, covering specific planetary influences, house placements, and their practical implications for the individual's life.

To see the full AI-generated content, please use your live API key. Test reports are designed to verify your integration is working correctly — the PDF layout, branding, colors, fonts, and data sections (charts, planetary tables) are all real. Only the narrative content sections use placeholder text.

Child Development Scorecard

Integration Test

10/10

Your API integration is working correctly

Branding

10/10

Company logo, colors, and fonts are applied

Data Accuracy

10/10

Birth chart data is processed by Divine API

PDF Output

10/10

PDF is generated with full layout and formatting

Natural Talents vs Challenges

- STRENGTHS

- Your API integration is working correctly
- PDF generation and branding are fully functional
- Data sections display real astrological calculations
- Report structure matches the live output

- CHALLENGES

- AI-generated narrative content is not available in test mode
- To verify full content quality, generate a report with your live API key
- Test credits are used for integration testing only

Namkaran — Favorable Naming Letters

- INTEGRATION STATUS

Working correctly
- REPORT LAYOUT

Fully rendered with your branding
- DATA SECTIONS

Real astrological data from Divine API
- CONTENT SECTIONS

Placeholder text (test mode)
- PDF GENERATION

Fully functional
- HOW TO UPGRADE

Use your live API key for AI-generated content

Health Tendencies & Physical Constitution

This is a test report generated using your test API key. In a live report, this section would contain a detailed, personalised astrological analysis based on the birth chart data provided. The content is generated by our AI engine and typically runs 200-500 words per section, covering specific planetary influences, house placements, and their practical implications for the individual's life.

To see the full AI-generated content, please use your live API key. Test reports are designed to verify your integration is working correctly — the PDF layout, branding, colors, fonts, and data sections (charts, planetary tables) are all real. Only the narrative content sections use placeholder text.

Mental & Emotional Profile

This is a test report generated using your test API key. In a live report, this section would contain a detailed, personalised astrological analysis based on the birth chart data provided. The content is generated by our AI engine and typically runs 200-500 words per section, covering specific planetary influences, house placements, and their practical implications for the individual's life.

To see the full AI-generated content, please use your live API key. Test reports are designed to verify your integration is working correctly — the PDF layout, branding, colors, fonts, and data sections (charts, planetary tables) are all real. Only the narrative content sections use placeholder text.

Education & Learning Style

This is a test report generated using your test API key. In a live report, this section would contain a detailed, personalised astrological analysis based on the birth chart data provided. The content is generated by our AI engine and typically runs 200-500 words per section, covering specific planetary influences, house placements, and their practical implications for the individual's life.

To see the full AI-generated content, please use your live API key. Test reports are designed to verify your integration is working correctly — the PDF layout, branding, colors, fonts, and data sections (charts, planetary tables) are all real. Only the narrative content sections use placeholder text.

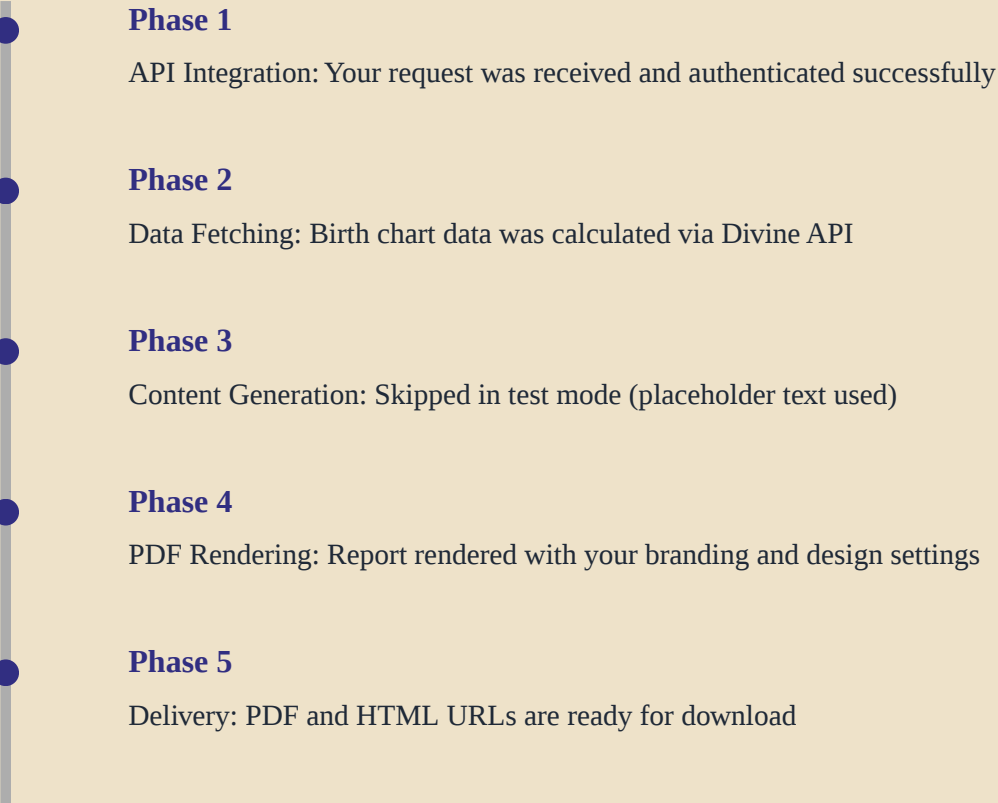

Academic & Career Inclination

- This is a test report — narrative content is placeholder text
- Data sections (charts, planetary positions, dashas) use real Divine API data
- PDF layout, branding, colors, and fonts are fully rendered
- Switch to your live API key to see AI-generated astrological content
- Each bullet point in a live report contains personalised insights based on the birth chart

Planetary Yogas Affecting the Child

Feature	Test Mode	Live Mode
Data Sections (Charts, Tables)	Real data	Real data
AI Content (Paragraphs, Analysis)	Placeholder	Full AI-generated
PDF Generation	Full	Full
Branding & Colors	Full	Full
Credits Used	Test credits	Live credits

Key Developmental Phases

Spiritual & Moral Inclination

This is a test report generated using your test API key. In a live report, this section would contain a detailed, personalised astrological analysis based on the birth chart data provided. The content is generated by our AI engine and typically runs 200-500 words per section, covering specific planetary influences, house placements, and their practical implications for the individual's life.

To see the full AI-generated content, please use your live API key. Test reports are designed to verify your integration is working correctly — the PDF layout, branding, colors, fonts, and data sections (charts, planetary tables) are all real. Only the narrative content sections use placeholder text.

Sibling & Family Dynamics

This is a test report generated using your test API key. In a live report, this section would contain a detailed, personalised astrological analysis based on the birth chart data provided. The content is generated by our AI engine and typically runs 200-500 words per section, covering specific planetary influences, house placements, and their practical implications for the individual's life.

To see the full AI-generated content, please use your live API key. Test reports are designed to verify your integration is working correctly — the PDF layout, branding, colors, fonts, and data sections (charts, planetary tables) are all real. Only the narrative content sections use placeholder text.

Parenting Guidance — How to Nurture This Child

This is a test report generated using your test API key. In a live report, this section would contain a detailed, personalised astrological analysis based on the birth chart data provided. The content is generated by our AI engine and typically runs 200-500 words per section, covering specific planetary influences, house placements, and their practical implications for the individual's life.

To see the full AI-generated content, please use your live API key. Test reports are designed to verify your integration is working correctly — the PDF layout, branding, colors, fonts, and data sections (charts, planetary tables) are all real. Only the narrative content sections use placeholder text.

Parenting Tips & Supportive Practices

1. Your API integration is working correctly — this test report confirms end-to-end functionality
2. Birth chart data sections use real calculations from Divine API
3. AI-generated narrative content is replaced with placeholder text in test mode
4. PDF layout, branding, colors, and font pairings are fully rendered
5. Switch to your live API key to generate reports with full astrological content

Bal Jyotish FAQ

Q Why does this report have placeholder text?

You are using your test API key. Test mode verifies your integration without consuming AI generation costs. All data sections (charts, planetary positions, dashas) use real astrological data.

Q How do I get the full AI-generated report?

Simply use your live API key instead of the test key. The report will include personalised astrological analysis generated by our AI engine.

Q Are the astrological calculations accurate in test mode?

Yes. All data sections — birth charts, planetary positions, house cusps, and dasha timelines — use real calculations from the Divine API, identical to live mode.

Closing Blessing & Guiding Message

This is a sample insight that would appear in a live report. Your test integration is working correctly.
